TO: Paul, Maintenance Manager

RE: Nathaniel

Nathaniel corrected a couple of work order items today in my unit, 2153 N.

I am writing to commend his work, his communication skills, his professionalism, considerateness, efficiency and timeliness. I assume you are finding and shall find him to be an excellent employee, capable of an even higher level of responsibility, should he be interested in the future. He strikes me as an individual who shall bring more than the basic requirements to the job he does! He reflects very well on the Mark Taylor brand as it has been described.

Please be encouraged to place a copy of this in his folder!

Sincerely,

Mary
