

Good Afternoon

I just wanted to let you know that I left a positive review on each of the sites listed in the Subject line. My daughter is a resident and we've been happy with everything so far at the complex.

Here is a copy of the review:

"I really cannot understand all of these negative reviews. My daughter lives in the San Marbeya apartments and absolutely loves it. Her apartment is across from the pool and her car is parked near the entrance and she's never had any problem with the noise or crime. In fact, I was visiting my daughter over this past Thanksgiving weekend for seven days and had nothing but an absolutely pleasant experience. The grounds are absolutely beautiful and the pool is fabulous and is known as the best pool in Tempe and I can understand why that is. My daughter's apartment is very nice, the staff picks up your garbage for you (all you need to do is set it outside of your door) and the security gate worked each and every time we exited the apartments. Yes, the apartments are a bit on the expensive side but is well worth the extra \$\$\$."

Thank you,

Melanie
